

\$.25 per page for all copying of four pages or more. No fee shall be assessed for reproducing documents that are three pages or less, or for the first three pages of longer documents.

(2) Where it is anticipated that the fees chargeable under this section will amount to more than \$25, and the requestor has not indicated in advance a willingness to pay fees as high as are anticipated, the requester shall be promptly notified of the amount of the anticipated fee or such portion thereof as can readily be estimated. In instances where the estimated fees will greatly exceed \$25, an advance deposit may be required. Dispatch of such a notice or request shall suspend the running of the period for response by OSTP until a reply is received from the requester.

(3) Remittances shall be in the form either of a personal check or bank draft drawn on a bank in the United States, or a postal money order. Remittances shall be made to the Treasury of the United States and mailed to the Executive Director, Office of Science and Technology Policy, Executive Office of the President, Washington, DC 20506.

(4) A receipt for fees paid will be given only upon request. Refund of fees paid for services actually rendered will not be made.

(5) If a requester fails to pay within thirty days for services rendered, further action on any other requests submitted by that requestor shall be suspended.

(6) The Executive Director, Office of Science and Technology Policy may waive all or part of any fee provided for in this section when it is deemed to be in either the interest of the OSTP or the general public.

#### **§ 2400.22 Freedom of Information Act and Privacy Act requests.**

The Office of Science and Technology Policy shall process requests for declassification that are submitted under the provisions of the Freedom of Information Act, as amended, or the Privacy Act of 1974, in accordance with the provisions of those Acts.

#### **§ 2400.23 Prohibition.**

In response to a request for information under the Freedom of Information Act, the Privacy Act of 1974, or the mandatory review provisions of Executive Order 12356 and Directive No. 1, or this regulation:

(a) The Office of Science and Technology Policy shall refuse to confirm or deny the existence or non-existence of requested information whenever the fact of its existence or non-existence is itself classifiable under Executive Order 12356.

(b) When the Office of Science and Technology Policy receives any request for documents in its custody that were classified by another agency, it shall refer copies of the request and the requested documents to the originating agency for processing, and may, after consultation with the originating agency, inform the requester of the referral. In cases which the originating agency determines in writing that a response under paragraph (a) of this section is required, the Office of Science and Technology Policy shall respond to the requester in accordance with that paragraph.

#### **§ 2400.24 Downgrading.**

(a) When it will serve a useful purpose, original classification authorities may, at the time of original classification, specify that downgrading of the assigned classification will occur on a specified date or upon the occurrence of a stated event.

(b) Classified information marked for automatic downgrading is downgraded accordingly without notification to holders.

(c) Classified information not marked for automatic downgrading may be assigned a lower classification designation by the originator or by an official authorized to declassify the same information. Prompt notice of such downgrading shall be provided to known holders of the information.

### **Subpart E—Safeguarding**

#### **§ 2400.25 Access.**

(a) A person is eligible for access to classified information provided that a determination of trustworthiness has

#### § 2400.26

been made by agency heads or designated officials and provided that such access is essential to the accomplishment of lawful and authorized Government purposes. A personnel security clearance is an indication that the trustworthiness decision has been made. Procedures shall be established by the head of each office to prevent access to classified information before a personnel security clearance has been granted. The number of people cleared and granted access to classified information shall be maintained at the minimum number that is consistent with operational requirements and needs. No one has a right to have access to classified information solely by virtue of rank or position. The final responsibility for determining whether an individual's official duties require possession of or access to any element or item of classified information, and whether the individual has been granted the appropriate security clearance by proper authority, rests with the individual who has authorized possession, knowledge, or control of the information and not with the prospective recipient. These principles are equally applicable if the prospective recipient is an organizational entity, other Federal agencies, contractors, foreign governments, and others.

(b) When access to a specific classification category is no longer required for the performance of an individual's assigned duties, the security clearance will be administratively adjusted, without prejudice to the individual, to the classification category, if any, required.

(c) The Director, Office of Science and Technology Policy may create special access programs to control access, distribution, and protection of particularly sensitive information classified pursuant to Executive Order 12356 or predecessor orders if:

(1) Normal management and safeguarding procedures do not limit access sufficiently;

(2) The number of persons with access is limited to the minimum necessary to meet the objective of providing extra protection for the information;

(3) The special access program is established in writing; and

#### 32 CFR Ch. XXIV (7-1-08 Edition)

(4) A system of accounting for the program is established and maintained.

#### § 2400.26 Access by historical researchers and former Presidential appointees.

(a) The requirement in Section 4.1(a) of Executive Order 12356 that access to classified information may be granted only as is essential to the accomplishment of authorized and lawful Government purposes may be waived as provided in paragraph (b) of this section for persons who:

(1) Are engaged in historical research projects, or

(2) Previously have occupied policy-making positions to which they were appointed by the President.

(b) Waivers under paragraph (a) of this section may be granted only if the Director, Office of Science and Technology Policy:

(1) Determines in writing that access is consistent with the interest of national security;

(2) Takes appropriate steps to protect classified information from unauthorized disclosure or compromise, and ensures that the information is safeguarded in a manner consistent with Executive Order 12356;

(3) Limits the access granted to former presidential appointees to items that the person originated, reviewed, signed, or received while serving as a presidential appointee; and

(4) Has received a written agreement from the researcher or former presidential appointee that his notes can be reviewed by OSTP for a determination that no classified material is contained therein.

#### § 2400.27 Storage of classification information.

Whenever classified information is not under the personal control and observation of an authorized person, it will be guarded or stored in a locked security container approved for the storage and protection of the appropriate level of classified information as prescribed in § 2001.43 of Directive No. 1.
